

# Respite

*Short Term, Long Term, and Emergency*

We offer Respite for care for adults of all ages and needs. We can accommodate respite at The Meadows and Foxhill. The Meadows has upstairs rooms, with en-suites, whereas Foxhill has only ground floor rooms.

Depending on assessment and staff requirements, we can take clients with as little as 24 hours notice.

Our domiciliary care agency aims to support our clients re-integrate back into the community, with consistency of staff and care, but can also offer help to other clients already in the community.

Beeshaw Consultancy can help other care providers to ensure high standards in many areas. This is run by Jane Shaw, RMM BSc, who has over 35 years in the care sector.

# The Beeshaw Group

**Rehab  
Respite  
Residential**

Beeshaw Care provides highly specialist neurobehavioural rehabilitation for clients with an Acquired Brain Injury (ABI), Traumatic Brain Injury (TBI) and stroke. The rehabilitation programme includes bespoke care pathways designed to help clients work towards attaining independence, enabling them to be discharged back in to the community where possible. We offer both Residential Care, Domiciliary Care and can provide services for a full range of clients, from younger adults to the elderly. We have extensive experience of working with challenging behaviour in all age groups. We also offer respite care and emergency stays at short notice .

# Tailored Rehab

As part of Beeshaw's rehabilitation programme clients are encouraged to participate in leisure activities that meet their needs and interests. Our Activity Officer arranges social activities throughout the year, as well as regular weekly sessions. Family involvement is encouraged.

## The Team

Consultant Psychologist	Rehabilitation Assistants
Consultant Psychiatrist	Activities Support
Business Manager	Workers
Care Manager	Maintenance Staff
Deputy Care Manager	
Case Manager	

The Meadows is our newest venture, and is a 6-bedded home near South Walsham.

The building consists of a large lounge with patio area, dining room, large modern kitchen, utility room, another large patio to the rear, and an orchard set in the grounds.

The unit is set on over an acre of land, giving the option for gardening, horticulture, and growing own food.
